LET'S
DECOR

...BECAUSE EVERY PASTRY DESERVES BEAUTY

Dear Pastry Chefs and Confectionery Professionals,

In confectionery, detail matters. It gives each dessert its character, defines its style and makes the final composition stand out. When developing the new Barbara Decor N°8 catalogue, we therefore focused on your everyday work — on efficient decorating, consistent results and ideas that help set your product range apart.

This eighth edition marks an important milestone for Barbara Decor, with the number 8 symbolising continuity, experience and positive energy as we enter the next stage of our journey. As a family-owned company, we have been creating chocolate decorations, inclusions and semi-finished products with passion since 1991. With 35 years of experience, we know that the best ideas are born through close collaboration with you — the professionals who bring confectionery and chocolate creations to life every day.

Within its pages, more than 60 new designs are organised into 17 themed product groups. These designs reflect careful observation of trends, shapes and colours, as well as conversations with you during meetings, workshops and training sessions. You will find decorations for everyday use, seasonal designs, colourful accents, organic forms inspired by nature and solutions that combine a handcrafted appearance, everyday convenience and great chocolate taste.

It is our pleasure to place this catalogue in your hands — a catalogue designed to inspire, support your everyday work and help you craft desserts that leave a lasting impression.

INSPIRATION

ACADEMY OF SKILLS

The Academy of Skills Inspiration is Barbara Luijckx's modern training centre, created with you in mind – artisans and professionals from the pastry, bakery and gastronomy sectors. We offer training in chocolate work and decoration, modern pastry, and restaurant desserts.

Our courses are led by our Pastry Chefs and technologists, as well as invited experts from Poland and abroad – professionals representing a wide range of backgrounds, specialisations and pastry traditions. This gives participants the opportunity to discover new techniques, recipes and practical solutions that can be readily applied in their everyday work.

Throughout the year, we share our expertise and inspiration, providing practical solutions to help you develop your offer and strengthen its commercial potential.
